

# **Vattenfall GERMANY**

## **VAM Project Gas Pipeline**

**The natural gas pipeline with the highest steel quality and wall thickness produced by HSAW method.**

Outer Diameter	: 1.422,4 mm (56 in)
Wall Thickness	: 21,6 mm (0,85 in)
Steel Grade	: L555 MB (API 5L X80 PSL2)
Quantity	: 6.248 meters - 4.670MTons
Lining / Coating	: Bare / 3 Layer PE
Project Owner	: Vattenfall / GERMANY
